## 1 Student's point of view

As Student, you can join the Webex Meeting in the following way:

1. Using the Webex Meeting link at the specified Time. This link will be available in your moodle course.
2. Join the meeting room.
  - a. If the following notice appears, please click "OK" button and make sure, that there is not any delay on the exam process. The delay status should be available on the moodle course page. When there is no info about the delay, you could try to join the webex meeting room again by using the same link.

The host has restricted meeting access to those currently in attendance.

- b. If there is no information about the delay and the room is still closed, please contact the responsible exam lecturer or supervisor via phone call.
